CE RoHS 

**【Healthy Eating】** : Introducing rapid air circulation technology: now you can enjoy your delicious fat-free meals with 90% less oil. You won't lose any of the crispy texture or rich flavours of your food.

**【Space Saving Size】** : Short on space in your kitchen? Comfee 4.2l air fryer with 3.5l basket container saves space on your counter and in your cabinets; perfect for small kitchens, studio apartments, dorms, offices, and more.

**【Easy to Clean】** : The same delicious food without any extra cleaning - perfect! The non-stick inner pot and detachable BPA-Free basket make it easy for you to clean the entire basket in just a few minutes.

**【Versatile Cooking】** : A manual temperature control range from 80°C-200°C, and 60-minute integrated timer lets you air-fry all your favourite foods, including frozen meat, veggies, chicken, fish, prawns & cake! Simply add food to the drawer pan, add a tbsp of oil if desired, set temp/time, and start cooking.

**【Absolutely Safe】** : An intelligent auto-shut off function prevents overcooking your foods. Your air fryer comes equipped with a cool-touch handle and button guard to prevent accidental detachment.

### Rapid Air Circulation Technology

There is no need to add oil to cook fried foods. The Comfee' Air Fryer cooker is built with a new heating system with rapid air circulation technology - which makes healthier versions of your favorite fried foods.

### Detachable Non-stick Basket

The nonstick surface of the basket results in less residue being left behind.

NOTE: The button guard is to prevent accidental detachment. DO NOT press the button before setting on the flat countertop!

### Easy to Clean

Frying food does not have to be a messy process. The use of soft sponges or damp cloths on the nonstick basket makes cleanup even easier.

### Multifunction

The multi air fryer can make a variety of tasteful dishes. You can also find some recipes and video tutorials on social media. Become your own personal chef!
